Subject: Microsoft Settlement

As an American citizen and taxpayer, I would like to have you settle immediately with Microsoft. NO MORE LITIGATION IS NECESSARY...Please quit spending my hard earned tax dollars on this and get your priorities straight. Like: terrorists, drug smuggling and users who are making our country weak as they have blown their brains on drugs, murderers and rapists.

This is supposed to be the Land of Opportunity. I feel Bill Gates is only exercising his rights.

Sincerely,
Bobbie Bamford
